

IF118 : Database Systems

Shared by UV(s) :

T5-A Computer science and Network, Level 1

page 0

ECTS credits :

2.00

Evaluation :

S1: ET(1h30,E,fa,ca) x2 + CC x1

Number of hours :

Lecture :	6.40
Tutorial classes :	5.20
Individual work :	8.40
Practical work :	8.00

Teacher(s) :

PINAUD Bruno

Title :

Database Systems

Abstract :

The purpose of the course is to provide skills in the topic of databases and to their implementation.

Plan :

Database systems versus files systems. # Semantic modeling # Rational model (rational algebra, normal forms, ...) # Query language : SQL # The Oracle database system
