ECTS credits :

1.50

Evaluation :

S1: Proj x1

Number of hours :

Lecture :	3.00
Combined lecture and tutorial classes :	16.50

Teacher(s) :

SALOTTI Jean-Marc

Title :

Human Robot Interactions

Abstract :

This course is an introduction to the problem of the interaction of perception to action through attention, communication, developmental and social robotics. The NAO humanoid robot will operate.
